# MANIFESTO

*Fiona Drake*

I believe that every woman has the right to live fully, expressively and freely

I believe in supporting women to shine their unique light and stride forward confidently in success and abundance

I believe in creating a safe, shared community space for connection, learning and bonding

I believe that when we do the inner subconscious work, we not only heal and free ourselves, but we heal and free those before us, after us and around us

I believe that every woman has the right to live life on her terms embodying her inner wisdom and self belief

I believe that all women are masters of their own life

I believe in and am driven by transformation

I believe that every woman has the opportunity to live in her passion, purpose and POWER

I believe in every woman manifesting her dreams and desires in all areas of her life, and gaining clarity of her must-haves and deal-breakers

I believe that vulnerability is strength

I believe in women fully living in alignment with their core values, commitments and truth

I believe there is no competition, that the world is abundant and we live a life based on cause and effect

I believe in the POWER of all women
